

Union Parish ARES Net

Is the frequency in use, please?

Calling the Union Parish Amateur Radio Net, calling the Union Parish Amateur Radio Emergency Service Net.

This is _____, net control located in _____. My name is _____.

The Net meets on 145.23MHz, Monday evenings at 6:00 p.m. for the purpose of handling traffic in Northeast Louisiana and Southern Arkansas and to serve as a link to the ARRL National Traffic System. All traffic will use the NTS format.

Please remember that this is a directed Net. Please do not transmit unless asked to do so by Net Control. All Routine traffic will be passed after check-ins are taken.

Emergency traffic may be passed by using the double break. QRP, Portable or Emergency Powered Stations are invited to state that fact when checking in under their Home location.
